

Human Bodyland Lyrics & Chords

1/30/2008

Off the top of my head
Gonna stay on my toes
Gonna play it by ear
Gonna follow my nose

It's on the tip of my tongue
It's written all over my face
Let's put our heads together
We're the human race

We see eye to eye
We'll go nose to nose
We'll have a heart to heart
'cause the heart always knows

Keep an open mind
C'mon give us a hand
We're gonna learn it by heart
Human bodyland
